## Ground, Heal, Ignite: A Song and Sound Intensive

*An Arts & Spirituality Workshop with Rev. Rhetta Morgan*

Chant to deepen a meditative connection to yourself and others. Use your sound to access and assist healing. Imagine sound as a carrier wave for your heart's healing. Sing to declare and exclaim what you are envisioning for yourself and the world. Create a sound picture of our futures. Experience the benefits of singing with intention in community. Come ready for joy, connection, and fun! Bring your curiosity and sense of adventure.

**Reverend Rhetta Morgan** is a singing healer, spiritual activist, and interfaith minister. She works at the intersections of spirituality, activism, and creativity, intending to work towards and live into a more just world. An international professional singer for many years before she became an ordained interfaith minister at One Spirit Interfaith Seminary in NY in 2009, Rev. Rhetta founded: Ecclesia Spirit (an inclusive, interfaith spiritual community), the While We Wait Project (which provides spiritual and emotional support to loved ones of incarcerated individuals), and the Choir for Climate Change (a choir for activists at every level of organizing and vocal capabilities). Very active in the Philadelphia area, Rev. Rhetta uses music she writes and sings to inspire and heal. Some of her most meaningful work is in mentoring and counseling activist leaders.
