Dreaming Sanctuary: An Intergenerational LGBTQ+ Gathering

On-campus: Feb 23-25, 2024

A retreat for renewal, rejuvenation, and relationship building as we celebrate what nourishes and sustains us across generations.

The past few years have seen prolonged traumas and challenges globally and locally for the LGBTQ+ community. This retreat will offer a refuge space for renewal, rejuvenation, and relationship building at Pendle Hill, a Quaker center open to all for retreat, learning, and community. This gathering will bring together LGBTQ+ participants from a range of ages and spiritual backgrounds, providing an opportunity to break bread together, recenter in openness to the Spirit, and create new connections as we celebrate what nourishes and sustains us across the generations.
