Friends' Decision-Making and Clerking: Participating in Meetings for Business with Joy and Confidence

On Campus: Nov 22-24, 2024

A weekend workshop with Steve Mohlke and ,O on liberatory clerking skills and principles.

This is an opportunity for both new and experienced clerks of Friends' meetings and committees to meet and think together about the role of presiding clerk in the spiritual practice of meeting for business.

The workshop will address racism in the context of Friends' decision-making and clerking. We need to pay attention to racism because it affects (infects) nearly everything in this society, and we will be lifting up decision-making processes that seek to liberate the Spirit among all participants.
