Beyond Diversity 101 Gender and Sexuality: A Healing Transformation Workshop for 2SLGBTQIA+ People

On Campus: Feb 3-7, 2025

A workshop offering healing transformation for 2SLGBTQIA+ facilitators, artists, leaders healers, teachers, and organizers.

This BD101 Gender and Sexuality workshop intends healing transformation for participants who identify as 2SLGBTQIA+ (2 Spirit, Lesbian, Gay, Bisexual, Transgender, Queer/Questioning, Intersex, and Asexual, and more!). Our bodies are sites of liberation, and of harm, as we travel through a world not intended to uplift and honor all of who we are. Come together for connection, healing, and an invitation into the work of increasing the vibration for liberation in your life.
