Dreaming Sanctuary: An Intergenerational LGBTQ+ Gathering

On Campus: Aug 8-10, 2025

An intergenerational LGBTQ+ gathering for renewal, rejuvenation, and relationship building .

This retreat will offer a refuge space for renewal, rejuvenation, and relationship building at Pendle Hill, a Quaker center open to all for retreat, learning, and community. This gathering will bring together LGBTQ+ participants from a range of ages and spiritual backgrounds, providing an opportunity to break bread together, recenter in openness to the Spirit, and create new connections as we celebrate what nourishes and sustains us across the generations.

We will explore inherited spiritual practices that sustained our queer ancestors, including the fundamental practice of building shared spiritual community.

Applications will be reviewed on a rolling basis. Please submit your application early to reserve your spot.
