Continuing Revolution 2025: Queer Liberation and Spirit-Rooted Justice

Hybrid: Jun 12-14, 2025

A gathering of young adults (ages 18-35) to explore connections between our spiritual, political, and interpersonal lives.

Join us on-site at Friends Place in Washington, DC, or participate online hosted by Pendle Hill.

In celebration of World Pride taking place in Washington, DC, this year's programming is centered around the theme of queer liberation and spirit-rooted justice. Participants will be invited to explore where their spiritual practice intersects with the collective pursuit for queer liberation. They will leave with a sense of connection with individuals and organizations that can support and inform their role(s) in creating peace and justice in their communities and in the world.
